

# Climate Action for Millennials Programme (CAMP)

Gobabeb - Namib Research Institute, in partnership with UNDP, invites **recent** graduates to participate in a programme to develop climate change ambassadors. Graduates in **Biological Sciences, Ecology, Climate Sciences, Geology, and Environmental Sciences** are encouraged to apply.

Participants will receive intensive, science-based training on current climate change issues. Outreach products will be developed and participants will be equipped to transfer knowledge to secondary school learners in their home towns during the first school term of 2021.

The 2021 CAMP *“The Science of Climate Change and Local Resilience”* will be hosted at Gobabeb from the **10<sup>th</sup> – 25<sup>th</sup> January 2021**.

Download the application form from our website [www.gobabeb.org](http://www.gobabeb.org) (under the internships tab). Email the **completed form, CV and final-year university transcript** to **internship@gobabebtrc.org** before **2<sup>nd</sup> of December 2020 17:00**. Selected candidates will be informed by Monday, **7<sup>th</sup> December**.
