

## APPLICATION FORM

### Climate Action for Millennials Programme (CAMP)

### 2021 Topic: “*The Science of Climate Change and Local Resilience*”

**Application Deadline: Wednesday 2<sup>nd</sup> December 2020**

*NB: Please attach copies of your CV and final-year university transcript*

This training course aims to develop science-based knowledge on climate change, and its predicted local effects. You will also create outreach materials to educate at least four groups of secondary school learners in your home town during the first school term of 2021, under the guidance of Gobabeb.

#### Personal details
