

APPLICATION FORM

Climate Action for Millennials Programme (CAMP)

2022 Topic: "Climate Change and Ecosystem Health"

Application Deadline: 8th May 2022

NB: Please attach your CV, university transcript and copy of your COVID-19 vaccination book

This training course aims to develop science-based understanding of climate change, and its predicted local effects. You will also create outreach materials to educate at least 350 community members or secondary school learners in your home-town (stated below) during the July and August 2022, under the guidance of Gobabeb.
